## ***[GLOBAL E-SMART TECHNOLOGIES] RESPONSIBILITIES UNDER THIS MOU]***

***[GLOBAL E-SMART TECHNOLOGIES] shall undertake the following activities:***

- I. I. The Second Party will provide helpful suggestions to the First Party about the technique of instruction and training in order to better prepare the students for meaningful employment in the real world.***
- II. Faculty and students from the first party's institution will be able to visit the second party's group firms and take part in the second party's Industrial Training Programs so that they may have a better understanding of industry trends and needs. Through this organization, students will gain self-assurance and the skills necessary to make a successful transition from college to the workforce. Learners registered in the First Party will have access to the Second Party's Labs, Workshops, and Industrial Sites for practical training.***
- III. Thirdly, the Second Party will provide First Party students with training in new technologies in an effort to close the skills gap and better prepare them for careers in that field.***
- IV. The Third Party will provide the resources required to host guest speakers to educate the First Party's pupils on cutting-edge technological developments and business needs.***
- V. Moreover, under clause V, the Second Party will take an active role in assisting the First Party in training and placing students in internships and employment.***
